

# CAST ON FOR CLIMATE ACTION!

## CLIMATE ACTION NEEDS YOU — AND YOUR YARN!

As part of the Mothers\* Rebellion Circle at the  
**EARTH DAY ARTS & CLIMATE FAIR** on  
**APRIL 20TH** from **10AM-2PM**

outside the Unitarian Society of Northampton & Florence,  
we'll be casting on for climate action! Climate circles in  
Sweden and Norway have launched a project to knit or  
crochet and join together long, long red scarves that we'll  
wrap around government buildings to represent the lines  
being crossed when government fails to act on climate  
change with the urgency and scale needed. Join us!

**MOTHERS\* REBELLION** is a movement of caregivers, grandmothers, aunts, sisters, and allies around the world. We will not give up the fight for a sustainable present and future for the current and coming generations. We want to be able to look our children in the eyes and say that we truly do all that we can. We turn our grief and frustration over the lack of a powerful, transformative response from our politicians and leaders into action.

The method we use in our demonstrations is a circle of mothers\* and others sitting down together in a public space. We sit peacefully facing the passers-by, helping ourselves and others to connect with our climate emotions. We often hold signs with the names of our children or related messages: we refuse to look away, we refuse to give up, and we will do everything we can for the lives and future of our children.

## SEE YOU AT THE EARTH DAY ARTS & CLIMATE FAIR!

Bring yourself, a sign, your yarn and needles, and whatever you need to sit comfortably on a chilly day. Children are welcome!

For more about the Fair, visit [www.xrwesternmass.org](http://www.xrwesternmass.org).
